

CHATTANOOGA HOUSING AUTHORITY HOUSING CHOICE VOUCHER PROGRAM PROJECT BASED VOUCHER (PBV) PROPERTIES

The Project Based Voucher (PBV) program is a subsidiary of the Housing Choice Voucher Program commonly known as the Section 8 voucher program. PBV has many of the same requirements as the Section 8 voucher program. The primary difference between the two is that PBV vouchers belong to the site or property owner. In the Section 8 voucher program, the voucher belongs to the participant. Both programs provide income based rental assistance through the Chattanooga Housing Authority and therefore must meet the agency's eligibility requirements. Each property manages its own waiting list.

*For details regarding Project Based unit eligibility and waiting list availability, you must contact the phone numbers listed below.
